v.

Midcontinent Independent System
Operator, Inc.;

Notice Of Complaint

Take notice that on October 21, 2016, pursuant to sections 206 of the Federal Power Act, 16 USC 824e and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, Indianapolis Power & Light Company (IPL or Complainant) filed a formal complaint against Midcontinent Independent System Operator, Inc., (MISO or Respondent) alleging that the Respondent's Open Access Transmission, Energy and Operating Reserve Markets Tariff is unjust and unreasonable, unduly discriminatory and preferential because it does not provide a means for IPL's Advancion® Energy Storage Array, a.k.a. the Harding Street Station Battery Energy Storage System to be compensated for services it provides to the MISO system, including Primary Frequency Response, as more fully explained in the complaint.

Complainant certifies that copies of the complaint were served on the contacts for Respondent as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.
